

# U.S. Tariff Monthly Report — May 2026

**Invoice × Tariff · Issue 202605** Coverage: Federal Register actions published May 1 – May 31, 2026 ·  
Published: 2026-09-26 · Source: Federal Register API

**May in one line:** 15 relevant notices tracked. Key moves: the pharmaceutical 232 "company-specific onshoring agreement" application process opens (the foundation of the pharma adjustment system later detailed in the September issue); tariff-related elements of the U.S.–Taiwan (AIT/TECRO) trade and security agreement take effect May 28; Q2 customs interest rates published.

## 1. Key Items

| Date  | Notice                        | Takeaway                                                                                                                                                                                                                                                        |
|-------|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 05-13 | <a href="#">FR 2026-09489</a> | <b>Pharma 232 onshoring agreements:</b> companies manufacturing pharmaceuticals can apply to Commerce for company-specific agreements to obtain tariff adjustments — the application side of the pharma 232 relief system (BIS guidance followed in September). |
| 05-28 | <a href="#">FR 2026-10571</a> | <b>U.S.–Taiwan agreement implementation</b> (eff. 05-28): tariff-related elements of the AIT/TECRO trade and security agreement under Executive Order 14346.                                                                                                    |
| 05-15 | <a href="#">FR 2026-09782</a> | Import Adjustment Offset procedures for auto parts amended to include medium- and heavy-duty vehicle parts — the 232 auto offset scope widens.                                                                                                                  |
| 05-18 | <a href="#">FR 2026-09871</a> | Q2 customs underpayment/refund interest rates published.                                                                                                                                                                                                        |
| 05-22 | <a href="#">FR 2026-10251</a> | ACE Export Manifest for Vessel Cargo test renewed (eff. 05-22) — electronic export manifests extend from vessel toward truck (September) and rail (August).                                                                                                     |

## 2. Other Actions

- **AD/CVD:** initiation of antidumping investigations on polytetramethylene ether glycol (PTMEG) from China, Korea, Taiwan, and Vietnam (initiated May 5, published May 14) — outside the radar's layering, noted here for completeness.
- **Fees:** CBP begins charging a fee for fingerprints collected for unescorted access to secure port areas (05-18).
- **Procedural:** 5 CBP information collections (CBP Form 28 reinstatement, country-of-origin marking, CTPAT, duty allowance, CDSOA distribution); 2026 Trade and Cargo Security Summit moved to Sep 8–10 (05-19); Türkiye cultural-property restrictions extended (05-13).

## 3. All Tracked Items (15)

| Date  | Notice        | Type   | Title (original)                                                   |
