

U.S. Tariff Monthly Report — July 2026

Invoice × Tariff · Issue 202607 Coverage: Federal Register actions published Jul 1 – Jul 31, 2026 ·
Published: 2026-09-26 · Source: Federal Register API

July in one line: 25 relevant notices tracked — the busiest month of H1. Three storylines: **three proclamations on July 23 impose 50% additional duties on Canada under Section 338** (motor vehicles / dairy / alcoholic beverages, effective Aug 22 — the September issue's scope changes sit on top of these); **the 60-economy Section 301 actions land on July 28** (including Brazil digital-trade measures); FY2027 quotas and fees are fixed (raw sugar TRQ, inflation-adjusted customs user fees).
